

*For Health Systems employees who are unable to successfully login to Cayuse--p*

Step 2: Check your email. You should receive an email from “JagNet Password Recovery” containing a unique Access Key. Come back to this screen, enter the Access Key and click “Submit Key” (see example below):

Step 3: It will then take you to the screen below. Enter what you would like for your new password (following the password requirements listed in the example below) and click “Submit”:

Step 4: At this point, your new password should be set. Please go to the following screen at

<http://www.southalabama.edu/departments/research/spa/eraonline.html>
